

“WATERLOSS, now a transnational project is taking care of our water.

The Municipal Enterprise for Water Supply and Sewerage in Kozani (**DEYAK**), the only Greek water authority participating in the project, implements a series of very important actions, limits the leaks and ensures the proper utilization and management of our area’s water resources,

so that we can all enjoy daily, clean and quality water.

DEYAK, now, together we conserve our water WITH ACTIONS.

The project is cofinanced by the European Regional Development Fund”
